

“URBAN TREE CLIMATE ACTION”

LIFE CLIVUT PROJECT

CLIMATE VALUE OF URBAN TREES

LIFE18 GIC/IT/001217

FINAL CONFERENCE

Perugia, Sala dei Notari, June 29, 2023

The project's final event aims to bring together representatives of European institutions, local authorities and international partners to transfer strategies for urban green design and management as a tool for climate change mitigation and adaptation.

The LIFE CLIVUT project, coordinated by the Department of Civil and Environmental Engineering of the University of Perugia has tested this strategy in four pilot cities (Perugia, Bologna, Thessaloniki and Cascais) through a co-planning and co-implementation method involving Citizens, Businesses and Students from childhood to University.

**WE LOOK FORWARD TO SEEING YOU ALL, IN PRESENCE OR ONLINE,
ON 29 JUNE 2023.**

Participation is free, with registration required by 22 June at the following link:

<https://forms.gle/QEcDZqJvWQceLnLP6>
specifying if you want to attend in person or online.

Link to join virtually and final agenda will be provided before the meeting
